(chorus)

No turning back, not now
We've come too far
The old ways, they just slip away
There's new life here, beneath the stars.

Some days, you never can find your way
An' try as you may
Doors close
The chase - it's getting old
And I share your frustration in the quest for control
Grab and hold tightly, and don't let it go
Regain the passion that sleeps in your soul.

(chorus)

Some say, you never can choose the day
When love comes your way
Surprise
Before your very eyes - the dream comes alive
And I filled with amazement, with the moon on the rise
At the depth of emotion at play in your eyes
When was the last time you felt so alive?

(chorus)

From out of nowhere there's this joy inside of you
Compares with nothing at all
We must be together
This one thing I know is true
Will you be there when I call?
