She said, "feel my hands, I'm shaking  
Won't you look into my eyes?  
Here's a path that's not been taken  
Filled with promise undisguised."

Yay-e-a...  
Yay-e-a...

I have heard the siren's song, now  
From some moment unrecalled  
And though I've tried to turn away  
I swear I've never known how  
To help but sing along.

I believe – that all things have a purpose  
And I believe – there's nothing left to chance  
I believe – the best thing on earth is  
Love – it's a fact  
It's just as simple as that.

There are currents filled with peril  
Very few will lead us home  
Time to set a course away  
From the voices in the wind  
And deny the siren's song

I believe – every action has a reason  
And I believe – we're intertwined with fate  
I believe – that love's not out of season  
Perhaps it's just running late  
Sometimes we just have to wait (2x).

She said, "feel my hands, I'm shaking  
Sometimes we just have to wait  
Won't you look into my eyes?  
Sometimes we just have to wait  
Here's a path that's not been taken  
Sometimes we just have to wait  
Filled with promise undisguised."  
Sometimes we just have to wait.
