

## Write It Down

Write it down  
Everything your heart desires  
Write it down  
The joy to which your soul aspires  
Write it down  
The universe is here at your command.

Make the call  
The call you swore you'd never make  
Make that call  
And say the words you need to say  
Make the call  
And feel the past release you as it falls.

If you don't speak your truth  
Just expect that we'll figure it out  
Tell me who takes the hit  
For an opportunity missed  
If you can't move ahead  
Because you won't leave the past  
The divine turns to shit.

Say it loud  
Without a care what some might say  
Say it loud  
You needn't please them anyway  
Say it loud  
These truths that make you everything you are.
